

Education — FERPA and COPPA Endpoint Checklist

Checklist

- Device restrictions and web filtering suitable for students.
- App allow lists for approved classroom software.
- Disable data sharing from student apps to personal apps.
- Use managed Apple IDs or school accounts when applicable.
- Wipe or reassign devices between terms and classes.

How Codeproof helps

- Kiosk mode for testing and classroom apps.
- Policy templates and app catalogs by grade or group.
- Selective wipe and fast re-provisioning.
